EXPECTATIONS FOR MEMBERS

Welcome to the Troopers Drum & Bugle Corps! You are now part of one of America's oldest and most respected drum & bugle corps and a founding member and creator of Drum Corps International!

We are honored that you chose the Troopers and will endeavor to offer you the best educational experience, the best drum corps experience, and the top health, safety, and well-being experience. You are important and valued. Why? Because what you offer is unique. You bring your strengths, your life experiences, and your talents. Now, you will be expected to bring these attributes to the corps, and become enveloped into something much bigger.

The Trooper organization and its members value a mutually reciprocal relationship. Knowing what is expected of you is helpful in life, as well as in drum corps. Knowing what the Troopers value is equally as important.

As a Member, you have a responsibility not only to the Troopers, but your fellow Members, and, most importantly, yourself. Some of these responsibilities are in this manual, and others are less tangible, but still within your control. These include a positive attitude, engaging with your fellow Members in a positive and supportive way, participating in self-care opportunities when they are offered, ensuring you are eating and hydrating appropriately, going to sleep at "lights out", and taking care of your mental and physical health.

DRUM CORPS IS INHERENTLY HARD. It just is. You will have good days and bad days....easy days and trying days. There will be hot days, bus breakdowns, days you question your abilities, and days you discover strength you never knew you had. And through it all, you will be expected to bring your best, no matter what. That's tough, but we chose you because we know you have what it takes to be a part of the modern drum corps experience.

As a Trooper, you will be expected to uphold, live by, abide, and demonstrate:

- The Troopers "The Saber Standards"
- The Troopers "Traditions of Excellence"
- The Troopers motto, "Honor, Loyalty, and Dedication"
- The Troopers "Code of Conduct"
- The Troopers Policies
- The Troopers Pathways of Resolution

The **Sabers Standard** is a creed that you will be expected to live by and bring to the Troopers. The **Traditions of Excellence** are a list of values that all those who came before you built and you will maintain as well as receive. The corps **Motto** means something different to every member. The **Code of Conduct** is how you will be expected to act, the **Policies** you will observe, and the **Pathways of Resolution** will guide you.

THE SABERS STANDARD

To uphold the Troopers' motto, "Honor, Loyalty, and Dedication".

To win and lose with grace and dignity.

To know my best qualities can lie in a purpose greater than my own.

To exemplify the high standards of the Troopers.

To represent the corps with integrity and decorum.

TRADITIONS OF EXCELLENCE

INNER STRENGTH

Troopers learn that self-discipline and self-motivation are areas of personal growth that are invaluable traits. Having these two qualities allows for a lifetime of personal achievements and provides a resoluteness of will needed as a member, and more importantly, in life.

PERSEVERANCE

Troopers learn that hard work builds achievements that instill perseverance. Perseverance and persistence, as an individual as well as a group, build strengths that give members confidence in their capabilities. Striving to surpass yourself is a way of life in the Troopers.

PRIDE

Troopers promote the innate personal standards necessary to live within the fold of the corps as well as on the field. The expectation of precision leads to personal standards unique to each member. Pride as a member of the Troopers results in meaningful and healthy self-pride.

IDEALS

Troopers not only represent ideals, but they also strive to live their ideals. There are numerous principles the corps endeavors to encapsulate. The corps motto, "Honor, Loyalty, and Dedication" along with dignity and respect, are the foremost ideals.

DECORUM AND GRACE

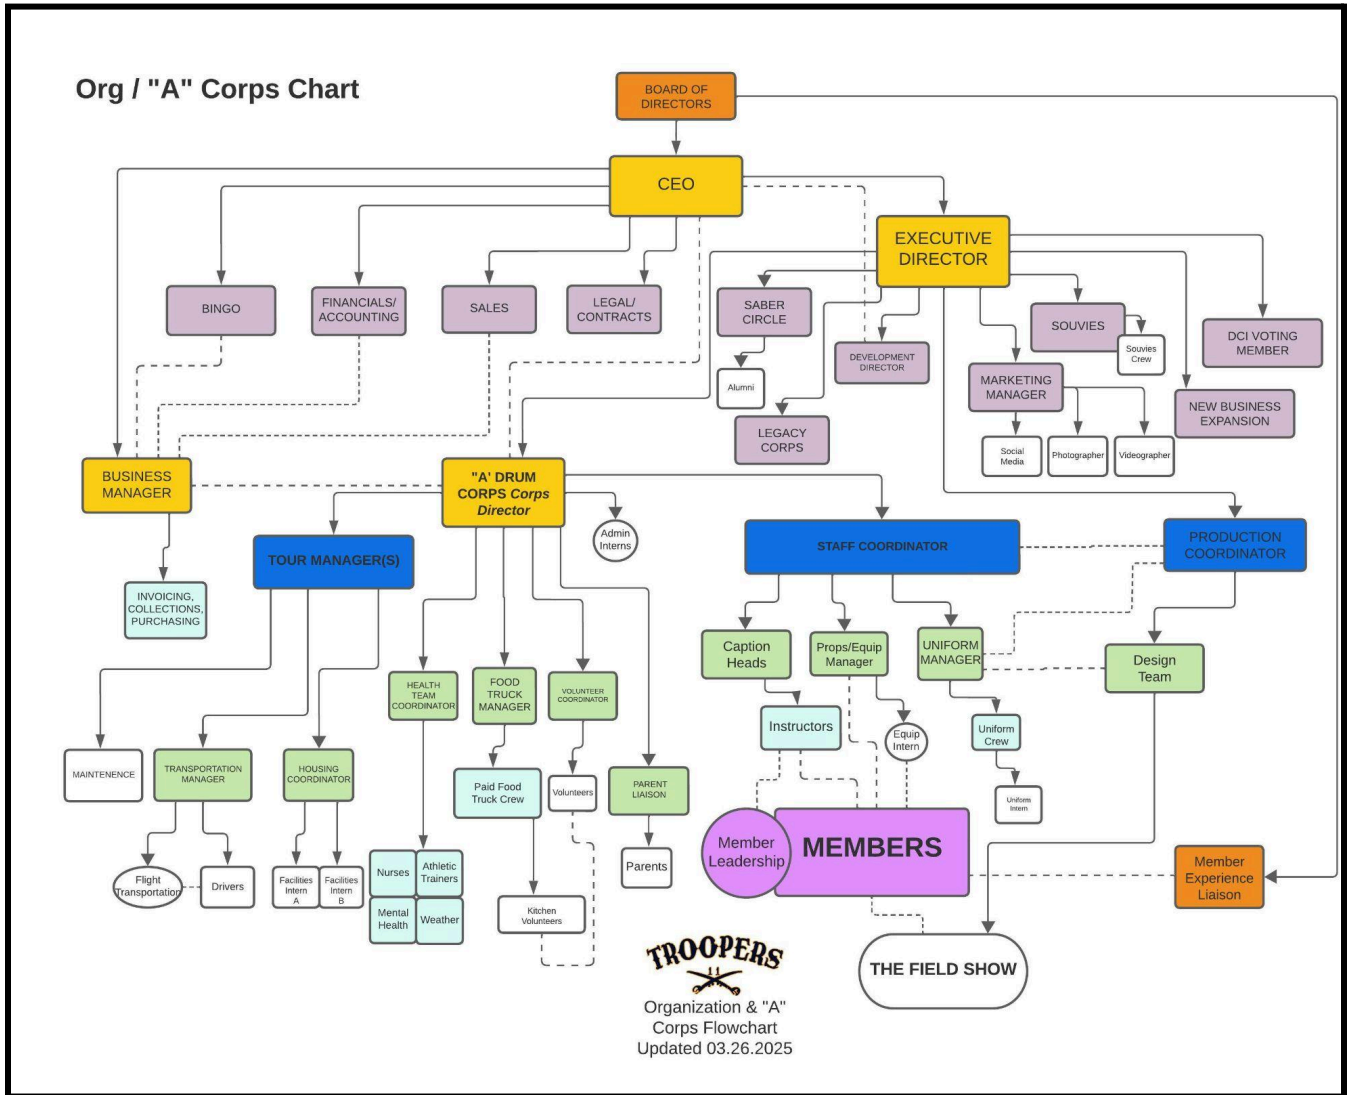

Understanding authority when learning how to take criticism, as well as give meaningful criticism, is a gift in life. By truly understanding the role of leadership, whether as a teacher or as a student, members can understand decorum. The grasp of this insight is beyond measure.

ACCEPTANCE

Inclusion promotes understanding which leads to acceptance. The Troopers have practiced this premise from the beginning. Learning and depending on one another for a common purpose gives the life-breath necessary to accomplish goals.

A BIT OF TROOPER HISTORY

The Troopers Drum & Bugle Corps is an activity composed of youth ages 16-21. Members audition from all over the world to take part in the Troopers known as “America’s Corps”. Founded in 1957 by Casper contractor Jim Jones, they are the only drum and bugle corps in the state of Wyoming. The Corps has been serving the youth of America for over 65 years and during that time have held eleven national championship titles and is currently ranked as one of DCI’s Top 10 world class competing units. Aside from competition, the Troopers have been a popular attraction at events, including the Denver Broncos, Philadelphia Phillies, the U.S. Air Force Academy, and are the first drum corps to participate in the Pasadena Tournament of Roses Parade. In 2021, the Troopers became the first world class drum corps to perform at Graceland, the home of Elvis Presley. They represented the state of Wyoming at the 1993 and 2001 Presidential Inaugural Parades, and have performed in concert before World’s Fair attendees, NATO Defense College delegates and Presidents Johnson, Nixon, Reagan, Clinton, and George W. Bush.

Members that are accepted into the Troopers get the opportunity of a lifetime to compete all over the United States during a summer tour that lasts nearly two and a half months. Competitions take place in venues of all sizes, from high school stadiums to NFL stadiums with an estimated 400,000 plus fans in attendance throughout the annual tour.

MISSION STATEMENT

To provide a youth activity with a positive educational experience that promotes the growth and development of specific life skills consistent with the Trooper Tradition of Excellence

Troopers Corps Song

Sung to the tune “How the West Was Won” by Alfred Newman

Lyrics by Fred Sanford & Dave Shaw

[CLICK TO SEE VIDEO OF THE SONG](#)

Promised land, where dreams are big and hearts are bold,
Land of the Troopers, we're second best to none.
Bound for fame, across the land our legend rolls,
Hell bent for victory, that's How The West Was Won.

And we dreamed of the day when we would hear our name,
As they called out the FINEST in the land.
Where the dreams of the Troopers would lead us to fame,
Spreading seeds for the future that would grow,
And grow, and grow, and grow!

Stride by stride, we march across this noble land,
Ever determined, our name will never die.
Side by side, we stand together hand in hand,
We're the Troopers, we're How The West Was Won.

We're the NATIONAL CHAMPION! It's our proudest boast,
It's an honor we worked for and we won.
Just to be a Trooper, is what means the most,
Should we rise or fall we'll still be proud,
We're proud, we're proud, we're proud!

Troopers rise, and stand up for the corps you love,
Casper Troopers, we're from the Promised Land.
Set your sights on something that is far above.
We give meaning to HOW THE WEST WAS WON!

DigeeDigeeDum! DigeeDum!

History of the Corps Song

One night in the summer of 1967, aboard Troopers “Yellow” bus, as the corps traveled through the heart of Nebraska’s cornfields, Fred Sanford and Dave Shaw collaborated to craft the Troopers Corps Song. Fred's musical genius and Dave's linguistic gift converged in the lyrics, resonating with the melody of “How the West Was Won” by Alfred Newman. Later, Gene Monterastelli transcribed the lyrics to a computer, and Melanie True distributed copies to rookies. This historic song has been passed down through the generations ever since. Both through our glory days, and our hardest moments, the lyrics “should we rise or fall we'll still be proud” has touched every Trooper since.

TROOPERS DRUM & BUGLE CORPS MEMBER MANUAL

You are the latest in a long line of individuals who have over decades built an unmatched reputation for discipline and honor. While these rules establish minimum standards of conduct, as a Member of the Troopers, you are expected to conduct yourself with the highest standards of personal dignity and respect towards others at all times.

The policies and rules outlined in this manual will provide helpful guidance for staff and members in order that fair and equitable treatment is assured in the event of disciplinary issues or conflicts. While it is not possible to outline every specific scenario that could arise, there are many resources available that can provide appropriate guidance toward resolution.

STRUCTURES AND RESOURCES

The Troopers organization is committed to providing the best possible conditions for its Members. Part of this commitment is encouraging an open and comfortable environment in which any problem, complaint, suggestion, or question receives a timely response from Staff and/or Management. We encourage all Members to initially attempt to resolve interpersonal conflicts with each other or with Staff on their own with dignity and respect. However, we understand that this may not always be possible. If a situation occurs when you believe that a condition you are experiencing or a decision affecting you is unjust or inequitable, we encourage you to discuss it with your Member Experience Liaison. Your interaction with the Member Experience Liaison is confidential, and they will guide you through every avenue and resource available. However, it is important to know that from time to time, information gathered and statements taken may be shared with others on a need-to-know basis only. Appropriate action will be taken where warranted. You will not be penalized, formally or informally, for voicing a concern.

Your Voice Card

As a Member of the Troopers, it is important that you have a voice and that your voice is heard. To that end, you will receive a card that will fit in your wallet that details how to make suggestions, voice concerns, or file formal complaints. It also lists important contact information. Please keep this with you and use it as appropriate.

GENERAL INFORMATION

The General Information and Policies stated in this Handbook are subject to applicable COVID-19 restrictions that may be in place. Due to the ever-changing nature of the COVID-19 pandemic, restrictions are likely to be dynamic and change quickly. We will endeavor to provide you with as much advance notice of changes to the rules, expectations, and policies as possible, and will do so in writing as soon as possible. We ask that you remain flexible and patient.

Membership Criteria

Each year there are 165 marching positions available. Members join the Troopers organization with a wide range of talents and abilities. Some Members, who attend the camps regularly and practice diligently throughout the winter, join without any prior experience.

Auditions for the Corps take place over several off-season, winter camps, or through virtual events and video auditions. At each event or camp, you will be auditioned by an instructor and given feedback. Attendance allows for the fairest evaluation of your progress and therefore can directly affect a contract offer. Member contracts are offered continuously until all positions are filled.

Personal Data

The Troopers are required to keep current information regarding names and contact information for all Members. You are responsible for notifying the Troopers of any changes in your personal data. Personal mailing addresses, telephone numbers, emergency contacts, and other such status reports should be accurate and current at all times.

Attendance

Attendance is an extremely important part of becoming a Member of the Corps. We expect everyone to attend all camps and virtual functions. However, bad weather or school conflicts sometimes prevent perfect attendance. It is vital that you communicate these conflicts with your caption head with as much advance notice as possible to ensure your absence is excused.

Contracts

In order to be considered for a contract, you must:

1. Be recommended by Troopers' instructors for a position in the Corps;
2. Attend camps and online activities;
3. Pay all necessary fees;
4. Complete and turn in all necessary forms;
5. Verify your birth date;

6. Submit a signed commitment to pay all tuition and fees (tuition and fees do not have to be paid in full at the time a contract is offered);
7. You may not have any outstanding debt owed from a previous season or with another corps.

Termination of a contract also results in complete forfeiture of all money paid to the Corps. Members are responsible for their own transportation arrangements home, unless otherwise noted.

Camps

Please consult the website for all information on camps.

What does tuition cover? Tuition covers uniforms/costumes, busing, housing, equipment, spring training expenses, instruction, and a portion of the Troopers annual food budget. Tuition only covers about half of the corps annual budget and does not include the winter camps.

Why is tuition so expensive? Tuition is more expensive this year due to it being a full season, plus the state of inflation, fuel prices, and external expenses outside of our control. However, we are doing a coast-to-coast tour, traveling over 8,000 miles, performing in over 20 events with some pretty incredible free days being planned in major cities along our tour. All busing, food, housing, and fuel is included in this price. When you break it down, this is actually a pretty good opportunity to see the whole country at half the cost it would take to do on your own. In fact, the total actual expense per person is over \$10,000. We're starting you off with a pretty hefty scholarship. Plus you have some of the greatest instructors in the world, and you'll be

performing in some of the most spectacular venues in America. To see where we are traveling, [CLICK HERE](#).

What do the fees include?

- Summer instruction
- Housing
- Uniforms
- Equipment
- Transportation while on tour
- Food
- Various Corps insurance policies

Tuition for the this season does not include:

- Laundry money
- Snacks and drinks outside of the Food Truck
- Spending money on souvenirs, etc...
- Spending money during laundry days meals
- Spending money on your days off.
- Transportation to move-in.
- Transportation home after the season is over.

Your payment schedule may look different if you sign at a later date.

Tuition Refund Policy:

Please review your contract for details.

Sponsorships

The Troopers support a sponsorship program to help Members raise money for tuition. The Corps will provide sponsorship forms to Members who can use them to solicit donations from friends, family, local businesses, and civic groups. These donations are not tax-deductible. Sponsorships can be made at TroopersDrumCorps.org/membersponsor

Spring Training and Summer Attendance

Attendance during Spring Training and beyond is expected every day unless you are under the care of the Health Team, in which case you will be following the treatment necessary to get you back to health and back to rehearsals. Punctuality and readiness is expected.

Please see our Absence & Tardiness Policy for details.

Volunteers:

The Corps depends on volunteers to help with many of our programs, and they are vital to our success and your well-being. Volunteers can be neighbors, friends over the age of 21, and parents who are committing their time to you. They help at camps as well as on tour. The commitment they are making toward the daily operations of the corps is vital. Get to know them! Ask how their day is going. Take a moment to lend a helping hand if you have the time. We're all in this together!

Injuries and Illnesses:

Should you have any health issues, your place to go to is your Health Team at the Troopers. Here, you will be diagnosed, treated appropriately, and given a path to healing and recovery.

Medications

Beginning with Spring Training, all Members will discuss their medications with the Health Team to determine who and how administration of your medications will occur.

Medical Treatment Release

Anytime a Member's participation is restricted by a medical professional, it is necessary for them to also have a full written release before resuming activity. A medical note shall be given directly to the Health Team who will retain a copy for documentation. The Medical Team will interpret the document and communicate with relevant Staff the participation status of the student.

POLICIES

These policies are in place from your arrival at each camp through your departure from each camp. These policies then apply continuously beginning the first day of Spring Training through the completion of your season with the Troopers at Championships in Indianapolis. The completion of your season is defined as “once you have left the property of the final housing location, and/or once you have stepped foot off of the shuttle bus to the airport. These policies are also in effect when wearing a member corps jacket at any time.”

All corps policies can be found at www.troopersdrumcorps.org/membersafety and must be read prior to signing your contract.

Corps Policies include:

- Cross Sabers
- Tobacco, Vaping, Alcohol and Drugs
- Absence & Tardiness

Any Member may raise a concern about compliance with Troopers' policies or applicable law, as well as member health, safety, and welfare at any time. Concerns may be voiced to the Member Experience Liaison, Staff, Corps Director, Executive Director, or CEO through whichever avenue the Member feels the most comfortable with. Members may also make a complaint via whistleblower platforms with:

DCI Whistleblower Platform: <https://www.dci.org/static/complaints-and-concerns>

Or

Troopers Whistleblower Platform

1. Call the Direct Access hotline, 866-494-3161 or log onto eniweb.com and
2. Click on "DirectAccess Login"
3. Enter PIN number 4762
4. Provide a detailed report of witnessed activity including date and location in a secure and confidential voicemail.

These whistleblower platforms will be used:

- To provide information, cause information to be provided, or otherwise assist in an investigation regarding any conduct which the reporter reasonably believes constitutes a violation of state or federal law applicable to the Troopers or the Troopers' policies and procedures, when the information or assistance is provided to, or the investigation is conducted by:
 - any state or federal regulatory or law enforcement agency;
 - any lawfully constituted investigative body; or a person with supervisory authority over the individual, or such other person working for the Troopers who has the authority to investigate, discover, or discipline misconduct.
- To file, cause to be filed, testify, participate in, or otherwise assist in a proceeding filed or about to be filed relating to an alleged violation of state or federal law applicable to the Troopers.

Reports of real or potential violations of law or violations of the policies and procedures of the Troopers shall be reported to the CEO, Executive Director, Corps Director, or Member Experience Liaison.

Retaliation against any individual for the good-faith reporting of real or potential compliance and policy violations is cause for immediate and appropriate actions, up to and including summary

dismissal from the Troopers. No staff, volunteer, member, contractor, subcontractor, or agent of the Troopers shall discharge, demote, suspend, threaten, harass, or in any other manner knowingly and intentionally discriminate against any individual in the terms and conditions of their relationship with the Troopers because of any act done by the individual:

Investigations

Corps members, staff, and volunteers are required to report any violations of Troopers policies and procedures, as well as potential violations of the law. If a formal complaint is made either through DCI's whistleblower system, or through DirectAccess, the following process will occur:

If complaint was made through the DCI Whistleblower Platform:

- The Troopers will receive notice of the complaint. The Troopers will be required to provide a written response and final report to DCI.
- The Troopers have no control over how or when DCI chooses to contact complainants or what information they share.

If complaint was made through the Direct Access Platform:

- The Member message is transcribed into a text document by the DirectAccess Team.
- The Member's anonymous report is provided to the Corps Director, Executive Director, CEO, Corps Attorney, and the Executive Committee of the Board of Directors.
- The Troopers will not share the results of any investigation with any other entity than DCI or law enforcement, if necessary.

Next steps:

- The Troopers will refer the complaint to an outside attorney having no affiliation with the Troopers, who will conduct as thorough an investigation as possible based on the information in the complaint. This attorney will review the allegations, interview the complainant (if they choose to identify themselves), interview those individuals mentioned in the complaint and any witnesses who may come to light as a result of the investigation, and review Troopers policies and procedures and applicable laws.
- The attorney will then generate a report with a determination of whether the allegations are substantiated, unsubstantiated, or impossible to determine.
- This report will be provided to the Troopers Executive Committee of the Board of Directors, and the Corps Attorney.
- The Corps Director, in consultation with the Corps Attorney, Executive Director, CEO, and Executive Committee of the Board of Directors will determine what, if any, actions need to be taken, including but not limited to appropriate discipline of Members, Staff or Volunteers, as well as reporting any potential crimes to the appropriate law enforcement agency. The Troopers will cooperate with any law enforcement agency that conducts an official law enforcement investigation based on such a report. If the complaint concerns

the Corps Director, Executive Director, or the CEO, the Board Chairperson, in consultation with the Corps Attorney and the Executive Committee, will follow this same process.

- A copy of any report will be forwarded to DCI.
- Once the report has been reviewed by the Troopers Board and/or DCI, the complainant will be contacted (if the complainant has chosen to identify themselves) and given the report's conclusion. To the extent allowed by applicable law, other parts of the report may be revealed to the complainant as appropriate.

All complaints are treated as confidential, and all those interviewed are instructed not to discuss the allegations with anyone who does not "need to know" (i.e. their own legal counsel, a spouse, a parent) or a law enforcement agency when appropriate or required.

Limitations

It is important to understand the limits of what the Troopers can and cannot do in an investigation.

- Troopers can only require current members, employees, staff, and volunteers to participate in an investigation.
- While the Troopers can make their own internal decisions regarding discipline, it cannot control or make any decisions for DCI, any other corps, or any outside agency.
- Thorough investigations take time, and often solutions cannot be implemented immediately.
- If an emergency situation exists, or if someone's health, safety, and welfare is at risk, the Corps Director is empowered to make on the spot decisions. However, other solutions may take additional time to implement.
- The Troopers respect your right to make a complaint in whatever manner you are most comfortable with, anonymously, through Direct Access, through the DCI Whistleblower platform, or with your Member Experience Liaison. However, if you want to learn the outcome of an investigation or want someone to speak with you directly, the Troopers will not be able to provide that closure without knowing who made the complaint.
